NEW CROSS-BORDER APPROACH TO PASSENGER MOBILITY

18TH MAY 2023 | 11:00 am

BARI AIROPORT | BUSINESS CENTER
MANAGEMENT AREA | 2ND FLOOR

BARI AIRPORT IS BIKE FRIENDLY

PILOT ACTION D.5.3.5. OF THE APULIA REGION, PROJECT PARTNER

MIMOSA project, funded by Italy-Croatia Interreg 2014-2020, promotes the cross-border connectivity with multimodal solutions, tools, and innovative and smart technologies, developing the multimodality and reducing transports impact on the environment.

The pilot action D.5.3.5 ("Series of solutions to facilitate passenger's travelling with bicycles in the Apulian airports") has involved, in agreement with Aeroporti di Puglia, the realization in Bari airport of an equipped area for assembling and disassembling bikes, guided and signaled paths and online information on the institutional channels.
